## *RFP document #220017455-Cabling*

### **Scope**

- Upgrade the current cabling at the entire site. Remove and dispose of old cabling.
- The existing IDFs are identified on the attached map. The proposer is free to suggest relocating any of the existing IDFs if it is in the benefit of the overall plan.
- Construction of a new IT Resource center is planned for early 2022. There are no current plans for the new building. However, each proposal should include the cost for cabling the new building according to the standards laid out in this RFP.
- Interested proposers **MUST** attend a mandatory site walk and take their own measurements.

### **Cabling standard**

The proposed solution price must include a complete bill of materials, applicable sales tax, applicable shipping, and installation/professional services. E-rate eligibility should be clearly identified. **ALL DATA CABLE MUST IN ORANGE IN COLOR.**

General specifications:

1. Contractor will furnish RSD with as-built maps indicating location and approximate pathway for all new drops and fiber runs.
2. Contractor will furnish certifications for all new fiber-optic and copper runs, indicating full compliance with the applicable industry standard for each cable type.
3. Contractor will furnish maps and certification reports in PDF form no more than two (2) weeks after the last on-site workday of the project to RSD and all interested parties.
4. Contractor will remove any old cabling replaced by new cabling, and make use of existing pathways wherever possible. Contractor will also remove unwanted/unused pre-existing cabling. This may require coordination with the RSD Technology department.

Fiber specifications:

1. Unless otherwise specified in project scope, the contractor will install minimum 6-strand 9/125 OS2 single-mode fiber to all IDF locations to the MDF location. Contractor will install 12-strand fiber with six strands terminated on both sides, if the material cost for 12-strand is less than 10% more, compared to material cost of 6-strand fiber.
2. Contractor will provide labeled termination boxes accommodating all new runs.

3. All new runs will meet or exceed current industry standard certifications for single-mode fiber optic data cabling.
4. Unless otherwise specified in the project scope, all fiber segments will home run directly to the MDF. If a complete home run is not feasible due to prohibitions of pathway or cost, RSD and contractor will agree upon an alternative before work begins.
5. Contractor will terminate all terminated fiber strands to LC connectors at both terminals.
6. Contractor will cross over all terminated fiber strands at the MDF side. (A/A at the IDF and A/B at the MDF, to enable use of straight-through fiber jumpers at both sides).

Copper specifications:

1. Unless otherwise specified or required, all copper cable runs will use solid copper Category 6 UTP.
2. Contractor will use outside plant (OSP) cabling as needed for outdoor applications.
3. Contractor will only use cable with solid copper conductors. Copper-clad aluminum (CCA) is not acceptable.
4. Contractor will terminate all copper runs to EIA/TIA 568B standard on both terminals.
5. All new copper runs will home run directly to the nearest IDF/MDF location, never exceeding 100 meters.
6. Contractor will furnish rack-mount Panduit Category 6 patch panels in quantity appropriate for the number of runs terminating to each IDF/MDF location.
7. Contractor will label each run on both terminals with label tape (not hand-written).
8. Contractor will furnish one (1) orange jacketed, non-booted, Cat6 patch cable, one foot (12 inches) in length, for each new copper cable run, installed at the IDF/MDF patch panel.
9. Contractor will certify all new runs to current industry standards for copper data wiring, not less than Category 6 specifications.
10. Drop ceiling rooms: Leave service loop long enough to relocate drops anywhere in the ceiling, and not less than six (6) feet in length. Conceal cables and terminations within drop ceiling, labeling the T-bar nearest the biscuit. Suspend cabling with hooks at least twelve (12) inches away from all high voltage cabling.
11. Solid ceiling rooms: run cabling through appropriately sized raceway or conduit, leaving approximately 25% free space for future expansion. A service loop is not necessary for surface-mounted runs concealed within a raceway or conduit.

IDF specifications:

1. New IDF racks are needed in each IDF.
  - a. IDF location has adequate cooling and/or ventilation to maintain year-round temperatures not less than 35 degrees Fahrenheit and not more than 90 degrees Fahrenheit.
  - b. IDF cabinet location affords at least two (2) feet of clearance on both sides, and at least three (3) feet of clearance in front. The cabinet must be mounted such that nothing interferes with fully accessing the back of the cabinet.
  - c. Unless otherwise specified in cabling scope, all new IDF cabinets will receive at least one (1) 110 V duplex power outlet, served by a minimum 20-amp circuit, finished with at least one NEMA 5-15R duplex receptacle. This circuit need not be dedicated but must provide approximately ten (10) amps of available current headroom to network equipment. This outlet must be mounted *within* the cabinet using appropriate electrical conduit, conforming to all applicable electrical codes. Contractor must coordinate with the maintenance personnel of RSD, as needed, to install outlets.
  - d. All new IDF cabinets must meet the following specifications unless otherwise agreed upon in writing:
    - i. Cabinets will be fully enclosed and lockable. Open racks are not acceptable.
    - ii. Cabinets will provide no fewer than twelve (12) usable rack units (RU).
    - iii. Cabinets will be no less than 26" deep.
    - iv. Cabinets will swing open, allowing full access to the back of the cabinet.
    - v. Posts will use M4 square-hole replaceable cage nuts. Threaded holes are not acceptable.
    - vi. The Mid-Atlantic CWR Series Rack, CWR-12-26PD cabinet meets all these specifications, but a cabinet that meets equivalent specifications is acceptable.

## **Network Electronics**

- Functional equivalent devices may be offered in the proposal. If alternate options are offered, the proposer must also include documentation that supports the alternate solution will function in the RSD network equal to the equipment identified in the RFP. RSD will determine if the alternative solution is viable.
- All proposals must be for new equipment with standard manufacturer warranty. Like-new or refurbished equipment will not be accepted.
- Any item listed below that is at or near end-of-life may be identified as so by the proposer, and the replacement model may be proposed. Such a change must be clearly identified in the proposal.

If the expense, fees, and/or costs to RSD exceed the cost of providing the service pursuant to this Agreement, Contractor shall immediately pay the excess expense, fees, and/or costs to RSD upon the receipt of RSD's notice of

these expense, fees, and/or costs. The foregoing provisions are in addition to and not a limitation of any other rights or remedies available to RSD.

**14. RSD is not a “state agency” as defined in the applicable section(s) of the Government Code, but RSD is a local agency and public school RSD under California law and requires all contractors on RSD projects to comply with the provisions and requirements of Government Code section 8350 et seq., the Drug-Free Workplace Act of 1990.

- c. Requiring that each employee engaged in the performance of the contract or grant be given a copy of the statement required above, and that, as a condition of employment on the contract or grant, the employee agrees to abide by the terms of the statement.

I, the undersigned, agree to fulfill the terms and requirements of Government Code section 8355 listed above and will publish a statement notifying employees concerning (a) the prohibition of controlled substance at the workplace, (b) establishing a drug-free awareness program, and (c) requiring that each employee engaged in the performance of the Agreement be given a copy of the statement required by section 8355(a), and requiring that the employee agree to abide by the terms of that statement.

I also understand that if RSD determines that I have either (a) made a false certification herein, or (b) violated this certification by failing to carry out the requirements of section 8355, that the contract awarded herein is subject to termination, suspension of payments, or both. I further understand that, should I violate the terms of the Drug-Free Workplace Act of 1990, I may be subject to debarment in accordance with the requirements of the aforementioned Act.

I acknowledge that I am aware of the provisions of Government Code section 8350 et seq. and hereby certify that I will adhere to the requirements of the Drug-Free Workplace Act of 1990.

## **PERFORMANCE BOND**

*(Required if awarded the contract)*

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the Redding School District, hereinafter referred as the SCHOOL, has awarded to \_\_\_\_\_, designated as the "Principal", a Contract for the work described as follows:

Project: Network cabling

WHEREAS, said Contractor/Principal is required under the terms of said contract to furnish a bond for the faithful performance of said contract which contract is incorporated herein by reference;

NOW THEREFORE, we, the undersigned Contractor, as Principal and \_\_\_\_\_ as Surety, are held and firmly bound to the SCHOOL in the Sum of \_\_\_\_\_ Dollars (\$ \_\_\_\_\_) (this amount being not less than One Hundred Percent (100%) of total bid price of the contract awarded by the SCHOOL to the Contractor/Principal), lawful money of the United States of America, for the payment of which sum will truly be made, we bind ourselves, our heirs, executors, administrators; successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH THAT, if the hereby bonded Contractor/Principal, its heirs, executors, administrators, successors or assigns, shall in all things stand to and abide by the well and truly keep and perform the covenants, conditions, and agreements in the said contract and any alteration thereof made as therein provided, including, but not limited to, the provisions regarding contract and any alteration thereof made as therein provided, including, but not limited to, the provisions regarding contract duration and liquidated damages, all within the time and in the manner therein designated in all respects according to their true intent and meaning; then this obligation shall become null and void; otherwise it shall be and remain in full force and effect.

As a condition precedent to the satisfactory completion of the contract, the above obligation shall hold good for a period of one (1) year after the acceptance of the work by SCHOOL, during which time if Contractor/Principal shall fail to make full, complete, and satisfactory repair and replacements and totally protect the SCHOOL from loss or damage made evident during the period of (1) year from the date of completion of the work, and resulting from or caused by defective materials or faulty workmanship, the above obligation in penal sum thereof shall remain in full force and effect. The obligation of Surety hereunder shall continue so long as any obligation to Contractor remains.

Whenever Contractor/Principal shall be, and is declared by the SCHOOL to be, in default under the contract, the SCHOOL having performed the SCHOOL'S obligations thereunder, the Surety shall promptly either remedy the default, or shall promptly:

1. Complete the contract in accordance with its terms and conditions: or
2. Obtain a bid or bids for completing the contract in accordance with its terms and conditions, and upon determination by Surety of the lowest responsible Proposer, arrange for a contract between such Proposer and the SCHOOL, and make available as work progresses sufficient funds to pay the cost of completion less the balance of the contract price, but not exceeding, including other costs and damages for which Surety may be liable hereunder, the amount set forth above. The Term "balance of the contract price" as used in this paragraph shall mean the total amount payable to Contractor/Principal by the SCHOOL under the contract and any modifications thereto, less the amount previously properly paid by the SCHOOL to Contractor/Principal.

Surety expressly agrees that the SCHOOL may reject any contractor or subcontractor which may be proposed by Surety in fulfillment of its obligation in the event of default by the Contractor/Principal.

Surety shall not utilize Contractor/Principal in completing the contract nor shall Surety accept a bid from Contractor/Principal for completion of the work if the SCHOOL, when declaring the Contractor/Principal in default, notifies Surety of the SCHOOL'S objection to Contractor's/Principal's further participation in the completion of the work.

No right of action shall accrue on the bond to or for the use of any person or corporation other than the SCHOOL named herein or the successors or assigns of the SCHOOL. Any suit under this bond must be instituted within the applicable statute of limitations period.

FURTHER, the said Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or modification of the Project documents, or of the work to be performed thereunder, shall in any way affect its obligations on this bond, and it does hereby waive notice of any such change, extension of time, alteration or modification to the Project Documents or of the work to be performed thereunder.

Contractor/Principal and Surety agree that if the SCHOOL is required to engage the services of an attorney in connection with the enforcement of this bond, each shall pay SCHOOL's reasonable attorney's fees incurred, with or without suit, in addition to the above amount.

IN WITNESS WHEREOF, we have hereunto set our hands and seals this \_\_\_\_\_ day of \_\_\_\_\_, 2022.
