

Why Choose Shasta?

Shasta Elementary School is located in the foothills just 5 minutes west of Redding. Shasta is a historic mining town full of rich history and colorful tales. Shasta Union Elementary School District is the oldest continually operating public school district in California.

The physical location of Shasta Elementary offers an abundance of wildlife, natural beauty and history. These benefits are integrated into our curriculum and the everyday lives of our students and staff.

Every staff member at Shasta strives to know every student who attends our school. Our goal is to educate the whole child in a safe and nurturing environment. In addition to academic instruction, we stress character development and social/emotional literacy. We use inclusive practices to foster a strong sense of community. The result is a quality education for every student at Shasta.

Parental involvement is highly encouraged at Shasta Elementary. Our PTA and School Site Council actively participate in the support and planning of our programs and the shaping of our community.

If you are interested in learning more about Shasta Elementary School, we encourage you to schedule a tour to observe our unique learning environment. What you see will amaze you!

Shasta Elementary School

Offering a Free, Public
Montessori Education

*Blending Old-Fashioned Values
with 21st Century Skills
to Meet the Needs of
Today's Child*

Montessori Education

Shasta Elementary offers a free public Montessori education for grades TK through 8th. The small school environment presents the opportunity for personal relationships between staff and students.

“The child should love everything that he learns, for his mental and emotional growth are linked. Whatever is presented to him must be made beautiful and clear, striking his imagination. Once this love has been kindled, all problems confronting the educationalist will disappear.”

Dr. Maria Montessori

Academic & Enrichment Opportunities

- Montessori Classrooms
- Blended Homeschool Program
- Hands-on Learning
- Character Education
- School Garden & Outdoor Education
- Learning Excursions
- Recorders for all 3rd graders
- Violins for all 4th graders
- Strings option for 5th-8th graders
